

Accuryn® Monitoring System

NEXT

IAP ACCURACY | CAUTI RISK REDUCTION | WORKFLOW IMPROVEMENTS

The Accuryn® Solution provides vital information from the kidney that is accurate, continuous, and remote.

- Intra-abdominal pressure at the push of a button, with continuous trends
- Patented Accuryn SmartFoley™ is designed to reduce the risk factors associated with CAUTI according to the CDC guidelines¹
- Continuous AKI surveillance²
- EMR Connectivity through Capsule™

Active Drain Technology: Air makes a u-turn at the foley barb and mechanically clears the drainage line. This patented feature addresses the need to “milk the foley” without applying negative pressure on the bladder.

IAP/UO/Temp

UO/Temp

Foley Adapter
(6-24Fr)

LEVEL

FLUID MANAGEMENT | AKI SURVEILLANCE | DATA-DRIVEN DECISIONS

The AccuTab™ combined with the Accuryn Monitor, enables Providers to achieve their treatment goals of fluid balance while monitoring for early indications of renal failure.

Individualized care

The Accuryn system continually monitors urine output per the KDIGO guidelines (0.5ml/kg/hr). Simply enter the patient's weight and we take care of the rest.²

Acute kidney injury surveillance

AccuTab™ monitors UO (in 15 minute increments) and Alerts if AKI criteria is reached per the KDIGO guidelines.

Annotate interventions

Clinicians can annotate interventions, and see near real time, the response of the kidney.

Furosemide Stress Test (FST)

AccuTab™ monitors urine output against customized thresholds, and displays the results to enable timely interventions.

Operating room mode

Features a stop watch function to enable OR staff to start a UO counter during surgery.

Accuryn Monitor & AccuTab™

Part Number	Description
FGN-06-102051	Accuryn® Monitoring System
FGN-06-102052	AccuTab™ Monitoring System
FGN-06-102053	Accuryn® Monitor and AccuTab™ System

Accuryn SmartFoley™ Catheters

Part Number	Description
FGS-06-IAP.16FST	16F Accuryn SmartFoley™ IAP/UO/T- 10 PK
FGS-06-UOT.16FST	16F Accuryn SmartFoley™ UO/T – 10 PK
FGS-06-UOT-SMCS	Accuryn SmartFoley™ Adapter – 10 PK
FGN-06-100779	Accuryn® Temperature Cable

Accuryn CompleteCare Service

Part Number	Description
FGN-06-101693	AccuTab™ Complete Care
FGN-06-102067	Accuryn® Software Care
FGN-06-102068	AccuTab™ Software Care

Accessories

Part Number	Description
FGN-06-100195	Accuryn® Monitor Floor Stand
FGN-06-102111	High Mount with Stand
FGN-06-102112	High Mount
FGN-06-100202	Accuryn® Monitor Mount with Clamp
FGN-06-100203	Accuryn® Monitor Stand and Mount with Clamp
FGN-06-100800	Accuryn® Monitor Mount w/ out Clamp
FGN-06-100823	Accuryn® Monitor Stand and Mount w/out Clamp
FGN-06-3003	Accuryn® Monitor 18V Power Supply
FGN-FLP-0008-17	AccuTab™ Swivel Mount
FGN-PRC-0003-08	AccuTab™ Flat Mount
FGN-06-101679	AccuTab™ USB Cable
FGN-06-101678	AccuTab™ Power Cable
FGN-MD100DS	AccuTab™ Docking Station
FGS-06-101623	Centurion Securement System
FGS-06-101796	Grip-Lok Catheter Securement Device, Sterile
